Since Taking Tanlac Mrs. Bowers Says She Is Like a Different Woman,

"Tanlae has done me so much good that I actually feel like a different woman since I began taking it," said Mrs. E. E. Bowers, of 2797 Harrisburg boulevard, Housten, Texas.

"For lifteen years I had hardly seen a well day," she continued, "for it seemed like everything I would eat soured and gave me the heartburn till I could hardly stand it. Rhoumatism made me minerable, too, and I suffered so from this trouble that I could hardly get up when I was down. My joints were stiff and my snuscles sched and my hack hurt so it almost drove me distracted; my nerves were all unstrung and I had that tired, draggy feeling and was so badly run down, and worn out I couldn't do my work without feeling nearly exhausted.

"Soon after starting on Tanlac I began to feel better and after taking only four bottles iny appetite is just fine, my stomach never troubles me, I am not netwows and the rheumatism is about gone from my system. My back never pains me like it did before and I feel better and stronger in every way."

Tanlac is sold in Memphis exclusively by Weiss' Pharmacy and Warnock Drug Co.

HOW DOCTORS TREAT COLDS

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets That Are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influence can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nauscaless calomel tablet called Calotabs, and which are free from the sickening and weakening effects of the old-style calomel. Doctors also point out the fact that an active liver may go a long way toward preventing influence and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the torigue at bed-

cessfully withstand an attack and ward
off pneumonis.

One Calotab on the torigue at bedtime, with a swallow of water—that;
all. No saits, no nauses nor the slightest interference with your eating, pleastire or work. Next morning your cold
has vanished, your liver is active, your
system is purified, and you are feeling
fine, with a hearty appetite for breakfaut. Druggists sell Calotabs only in
original sealed packages, price thirtyfive cents. Your money will be cheersully refunded if you do not find them
delightful.

Roberts Arranges Conference To Discuss Health At Manufacturing City.

high death rates from 'the great white plague,' which is called the greatest single menace to the national health today.

"There is a great need for a broad nublic health plan which will result in better living conditions and in the better health of the South," said Gov. Roberts. "The splendid record of the public health service of the Tennessee Anti-Tuberculosis association and the other societies which are fighting tuberculesis in the South shows is that these organisations should be indorsed and supported by all Southern people. "I have been infoRmed by community health experts of the National Tuberculesis association that more than 150.069 people died from this scourge in this country last year and that twery death from this disease leaves eight people infected. Experts of this association have found that tuberculosis is curable preventable and controllable and that it can be stamped out by a campaign of prevention and eduration.

"The little Red Cross Christmas seals which have been sold in past years have resulted in many institutions being erected to care for those infected. They have caused the cure of thousands in the principles of clean and healthful living. This work must goo and the living and the health departments and the Anti-Tuberculosis associations of the South."

The governors who have been invited to attend the conference are: Thomas E. Kilby, Alabama; Charles H. Brough. Arkansas; Sdiney J. Catts. Floridag. Hugh M. Dorsey, Georgia, Ruffin G. Pleasant, Louisiana; Theodore G. Bilbo, Mississippi; Thomas W. Bickett, North Carolina; James D. Black, Kent.

with Lung-Vita. His general health was improved, as the Lung-Vita worded as a tonic," says Mrs. P. J. Hackett, 232 Exchange, Memphis, Tenn.

"An uncle of mine, Mr. W.' H. Hise, living near Covington, Tenn., has used lang-Vita also. He used it for a sever cold and cough following influenz, and has been wonderfully helped, more, he says, than by any other medicine he last ever used."

Lung-Vita has been called L-V since the first of October, 1915. The change, however, is in name only, for the medicine itself is exactly the same. Today it is the same good medicine that Mrs. Hackett recommends. Your druggist, antil his present supply is gone, will furnish you our medicine under the name of Lung-Vita, after that under the name L-V.

claiming that if elected to office they will bring higher pay and shorter hours. Wheever is most extreme in his promises and carries with his argument a persuasive touch so that the miner hay become to believe he can do what he piedges is likely to unseat the man already in office.

Increased All Costs.

The coal miners have the right of collective bargaining. But impossible demands were presented by the leaders involving a tremendous increase not only in the cost of production but in the eventual cost to the consumer of his coal. The average miner was anxious to get higher pay and shorter hours if he could. According to the spellbinders and leafers it was a simple thing. He had only to strike. The whole country would bow down and the government would surrender.

Just now the length of the coal strike and the manner in which it is settled will be of much educational value to the individual miner as to labor as a whole. If, the government would surrender with the coal strike is ended shortly and the miners leaders find themselves compelled to arbitrate the moot questions involved, the power of the strike will appeal less to the individual miner as contrasted with the power of peaceful negotiation with public opinion behind them in their demand for the correction of such srievances as are just.

The government insists that the rank and fife of the miners were missied by ambitious leaders who did not dare to submit the question of a referendum. It would not be surprising if the government during its fight in the courts made a point of the manner in which a few men have attempted to use the strike weapon to further their own personal interests and ambitions to the detriment of the public.

LONDON IS STUDYING TWENTY-FOUR-HOUR TIME

LONDON. Nov. 10.—A committee has been appointed by the government to report on the advisability of adopting the 24-hour method of expressing time which was put into effect about 12 years ago in Western Canada and which is said to have many advocates in the United States. Italy for a long time has used the system and it is extensively employed on the continent for rall-way, postal and telegraph purposes. Astronomers always use it.

Zero is the starting point of 24-hour method, representing midnight. The hours are then counted as on the ordinary clock face up to 12. After that 13 takes the place of 1, 14 of 2, and so on up to 23 and the reappearance of zero.

POSSES FAIL TO FIND SLAYER OF SHERIFF

LITTLE ROCK, Nov. 10.—Posses Saturday failed to find a trace of Jordan Jameson, negro, wanted for the killing of Sheriff B. E. Greer of Columbia county Priday afternoon. A downpour of rain has interfered with the work of the searching parties. Business men of Magnolia, Columbia county, have offered a reward of \$1,000 and the state has offered \$250 for the arrest of the negro.
